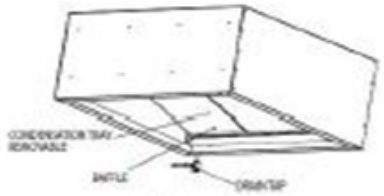
Removes excess steam from working environments. Ideal for use over dishwashers. No power required



4

Length of Canopy	Order Code
1000mm	ST1050
1200mm	ST1250
1500mm	ST1550
1800mm	ST1850
2100mm	ST2150
2400mm	ST2450

Length of Canopy	Order Code
1000mm	GT1050
1200mm	GT1250
1500mm	GT1550
1800mm	GT1850
2100mm	GT2150
2400mm	GT2450

These canopies MUST overhang all gas equipment by at least 250mm in all directions unless the canopy terminates at the wall

Length of Canopy	Order Code
1200mm	TT1275
1500mm	TT1575
1800mm	TT1875
2100mm	TT2175
2400mm	TT2475

These canopies MUST overhang all gas equipment by at least 250mm in all directions unless the canopy terminates at the wall (allow 600mm for combi ovens)

Length of Canopy	Order Code
1000mm	CON1000
1200mm	CON1200
1700mm	CON1700
2100mm	CON1200

PARRY
Built for purpose

5

Specify internal fan (located inside the canopy) or external fan (located in the ductwork between the canopy and the outside wall).

Specify whether the vent is to go out the top or the back of the canopy. Only the TITAN model can have the option of venting out through the end of the canopy
