

Model JOLLY 404 - JOLLY 404/PS

Technical Data

Racks per hour	30
Wash temperature	55°C
High temperature rinse	72°C to 90°C (Adjustable)
Water consumption	Approx 2 to 3 litres at 3 bar
Wash pump	450W (0.60 hp)
Wash tank heater	1800 W
Rinse booster heater	2200 W
Wash tank capacity / Booster heater capacity	16 litres / 5,5 litre
Wash chamber height	290 mm
Machine weight	36 Kg
Electrical requirements	1 x 230 V/50 Hz
Total amperage	11,5 A
Waterline size	3/4" G
* Flow pressure (minimum)	2 - 4 bar
Incoming temperature (min/max)	6°C / 25°C
Drain line size (minimum)	25 mm (with drain pump 20 mm)

*Should water pressure be too low, we recommend installing a booster pump.

*Should water pressure be too high, we recommend installing a pressure reducing valve to the inlet.

Please Note:

Always refer to the machine data plate for specific electrical and water requirements.
