

# The best technology makes all the difference

At Electrolux, safety and ergonomics are paramount to make flatwork ironing accessible to everyone. Take a closer look.

A fully encased machine guarantees maximum workplace safety, and maximum productivity

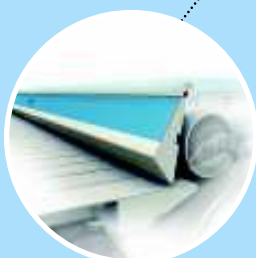

A heavy padded pressure roll guarantees best ironing quality

Nomex ironing belts withstand temperatures of over 200°C giving you improved quality and prolonging the life of your machine

Fully ducted exhausts mean a safe and healthy work place as well as greater performance

Finger protection ensures operators' safety

A safety handle for use in the event of power failure ensures protection of your linen, your machine and your operators

A frequency-controlled motor optimises speed and productivity
