

# WASH YOUR PROBLEM

## GRASS, BLOOD, MUD & SWEAT

### 1-ITEM AFFECTED

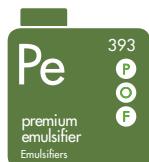

Sportswear

### 2-CAUSE

Running around on a grassy pitch.

### 3-SOLUTION

Use a built powder plus emulsifier.  
Use an oxidising agent if grass/ mud stains are heavy.  
Use a pre-wash and don't skimp on the powder, otherwise white collars and shorts can go grey.

**CATER-WASH**
