

CATER - KWIK

Due to recent cleaning and maintenance works in the kitchen we have finally got the Hobart F502S dishwasher up and running this week. The machine works very well for our requirements, it is efficient, cleans the plates and pans very well and is easy to use.

We have not had a working machine since last October and our volunteers are delighted with the energy saving (theirs I mean!) which is helping us a lot.

We have served over 80 meals today and we are pleased with it's performance. We would definitely recommend to others!
