Touchless Express® Dispensers Direct-Pour Models | Export

SPECIFICATION SHEET

FAST FACTS

Server Direct-Pour, Touchless Express® Dispensers improve the dining experience by letting guests safely personalize their meal with the house-made dips, dressings and sauces that make your menu items craveable.

APPLICATIONS

- Ambient serving of thin to thick and thicker craft sauces for your countertop finishing station
- High-volume use with 5.9- and 13.6-Liter models

DETAILS

- Direct-Pour dispensers allow guests to self-serve your craft sauces held safely inside a food-safe jar and lid
- PerfectSense™ Technology detects a user's hand to dispense up to 30-mL; removing the hand stops serving
- Precise sensor field prevents dispensing during surface sanitizing and pass-by activity
- Restaurant ready – simply plug into a standard outlet
- Stainless steel cleans easier and lasts longer
- 5-piece, dishwasher-safe pump disassembles easily
- Matching 6-L pouched-condiment model available

Includes flavor label set for food identification

Today's diner expects a technology-driven experience and those tech solutions can directly spur customers to visit restaurants.

ketchup • mustard • mayo • bbq
-  **THICKER**
tartar sauce • crafted sauces

Zero contact. Total comfort.

SERVER TOUCHLESS EXPRESS® DISPENSERS DIRECT-POUR MODELS: SE-SS-TDP | SE-SS-TDP LCAP

Server Touchless Express®, Direct-Pour models provide ambient dispensing of thin to thick and thicker craft sauces for countertop serving. PerfectSense™ technology detects the users' hand to serve up to 30-mL; removing hand stops serving early. Dispensing field is 2.5- to 7.6-cm from sensor eye, to eliminate dispensing during surface-sanitizing or pass-by activity. TDP models are constructed of a stainless steel, brushed-finish vessel with surgical-quality plastic pump and include a flavor label set for food identification. Direct-Pour model (5.9-L) includes a Touchless, Direct-Pour pump (100265) with 5.9-L food-safe jar and lid (100280 & 100281); Large Capacity (13.6-L) model includes Direct-Pour pump (100256) with 13.6-L food-safe jar and lid (100282 & 100283). 24V DC with 100V–240V adapter power cord and region-specific plug, 2 Amp (max). 1-Year warranty.
