

# The path to culinary excellence

SkyLine Premium<sup>S</sup> Ovens

# You talk...

Help me achieve the absolute best cooking results and reduce my costs. I need to know that my oven will not let me down right in the middle of a busy service.

It also has to be an easy-to-use oven that is so intuitive everyone on my team can use it without training and will help make my kitchen run more smoothly and efficiently.

# ...we listen

...And developed a combi solution that is the **perfect duality of smart technology and human-centered design**. Made to give outstanding performance and made for you. Super intuitive, simple to use and with a host of pioneering intelligent features that will change the way you cook, **SkyLine Premium<sup>s</sup>** has the lowest running costs on the market and is best in class for ergonomics and usability.

## The journey to transforming your work-life starts here:

### Made for business

Lower operating costs through reduced energy, water, and detergent consumption

### Made for you

Easier, healthier, safer

### Made for non-stop operations

Pure control of your business

### Made for performance

Set a new bar in efficiency

OVER  
**40** YEARS  
EXCELLENCE IN COMBI OVENS

**1977**

Electrolux Professional started a revolution introducing the first combi oven to the market

**2019**

Electrolux Professional opens up a whole new cooking horizon: **SkyLine**

# Sustainability Written in the stars

Sustainable  
packaging

Ergonomics

# Born to be green

Made for business

The perfect union of outstanding performance and savings for you and the environment. Sustainably built **SkyLine Premium<sup>s</sup>** has the lowest energy, gas and water consumption in the industry. Make your business green.

## Cleaner, greener and smarter

### Eco Cleaning cycles

Our latest technology delivers reliable performance and significant savings throughout every cycle, helping you reduce running costs\* by up to

# 50%

Uses **33% less water and 22% less detergent while cleaning, as compared to previous models**

10GN 1/1

Longer life and top performance of SkyLine Ovens only with **phosphate free** and **phosphorous free** Electrolux Professional chemicals

Uses **33% less water, 43% less detergent and 25% less energy** with the new cleaning cycles\*\*

20GN 1/1

\* Based on Internal tests done in Electrolux Professional Laboratory in a SkyLine PremiumS Electric Combi Oven 10GN 1/1 comparing Standard Intensive cycle versus Eco Intensive cycle with all green features activated. Test performed using Italy 2025 as case for water, energy and detergent cost.

\*\* Based on Internal test done in Electrolux Professional Laboratory comparing actual SkyLine PremiumS Electric Combi Oven 20GN 1/1 electric combi oven with boiler vs the previous version.

## Smart savings and sustainably built

### Born to be **3** times more green

**Minimize your energy loss\***  
by choosing **SkyLine Ovens**.  
Thanks to the high-efficiency  
design and 3-glass door,  
your energy consumption  
will be reduced.

### Committed to sustainability

Our even more efficient,  
high-performance SkyLine Ovens  
are designed to help you work  
better, save money and reduce  
your environmental footprint.  
That is the Electrolux Professional  
commitment to sustainability.

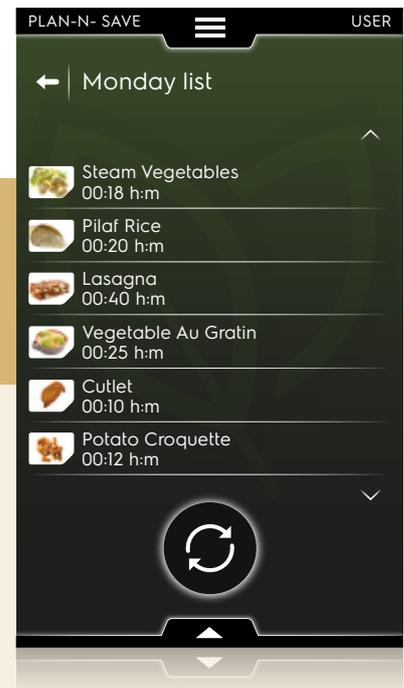

# Minimize spending. Minimize waste

Save up to **20%**  
on energy with Plan-n-Save

Minimize your spending optimizing the cooking sequence of your menu with **Plan-n-Save\***. You decide your menu and it applies **new logic based on artificial intelligence to optimize the cooking order** in the most time and energy efficient way possible.

**FIRST**  
in the industry

## Goodbye heat loss. Hello savings

Lowest energy consumption ever thanks to enhanced chamber insulation, triple-glazed door and optimized cavity design. Energy usage is optimized thanks to the interaction between the high-precision control system and **26 different sensors** monitoring SkyLine Ovens.

## Smart & Green water efficiency

The greatest saving. Water wastage is massively reduced thanks to the smart **Lambda sensor** with its unique **precision humidity control** generating steam only when strictly necessary and taking advantage of the humidity produced by the food itself.

**FIRST**  
in the industry

## Green cooking

Get the lowest energy consumption with best in class results using **eco-cooking** mode and automatic cooking cycles designed to be the greenest possible.

## Go slow. Go green

Serve more succulent portions thanks to **Low Temperature Cooking** cycle, reducing food weight loss by 24%.

\* Calculation based on Electrolux Professional Lab tests on a SkyLine PremiumS, 10/1 GN electric triple-glass door, using Plan-n-Save function versus not using the Plan-n-Save function. Data available in April 2019.

# The human touch

Made for  
you

Premium<sup>s</sup> is both physically and mentally easy to learn and use, working in perfect synergy with other Electrolux Professional appliances.

## Experience 4 stars

**Compliance with ergonomic principles**

Designed with you in mind

**Evidence-based anthropometric & biomechanical compliance**

Reduced risk of injury

**Evidence-based usability**

The culmination of years of professional studies and expertise

**Human-Centered Design**

To make cooking simple and stress-free

**One DNA  
Twin appliances**

SkyLine Oven and Blast Chiller share the **same mindset.**

**Simplify your life**

Human-Centered Design

## Pioneers in usability

An ergonomic oven means **75%\*** reduction in sick leave and **25%** increase in productivity for your business. Ergonomic appliances are designed around your needs and your workflow: making a big difference to your kitchen. Our design process is Human-Centered and fully complies with ISO 26800 and ISO 9241-210 regulations. SkyLine Premium<sup>s</sup> is the first ever oven to receive **4-star certification for ergonomics.**

**FIRST**  
in the industry

**REGISTERED DESIGN\*\***

# An **extra** effortless **benefit**

SkyLine  
Chill<sup>S</sup>

SkyLine  
Premium<sup>S</sup>

## The path to ultimate performance

The easy path to making your kitchen even more efficient, productive and stress-free. SkyLine Premium<sup>S</sup> and SkyLine Chill<sup>S</sup>: two perfectly synchronized appliances in full communication with each other, both with certified ergonomics and usability to guarantee flawless Cook&Chill synergy.

**A duo made for success.**

**FIRST**  
in the industry

Click this icon on the SkyLine appliance touchscreen to discover how easy it is to use SkyDuo and experience seamless Cook&Chill processes.

## Error-free simplicity

Make your daily work easier and reduce training time thanks to the intuitive panel. Color-blind friendly. Ease of use is one of the most important criteria for 4-star certification.

## Strain-free

Easy opening and shutting of the door over 1.000 times a day with comfortable, ergonomically-designed wing-shaped handle. Hands-free opening with your elbow makes managing trays simpler.

## Effortless loading and unloading

Better for your back and less tiring for you. The design of the door and chassis make a real difference to loading and unloading.

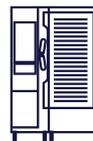

## The perfect position

Touchscreen display and USB slots have been placed at just the right height for maximum visibility and access, using calculations based on based on the average user height worldwide.

## See the real color of your food

New LED lights and correlated color temperature help in your daily tasks. Blink function alerts help users coordinate tasks.

## Door shield

To simplify use and streamline workflow in 20 grids models, SkyLine 20GN Ovens are fitted with integrated door shields.

## Door block

Extra safety thanks to special stop positions which prevent the door from swinging into the user.

# Touch the sky, it's easy

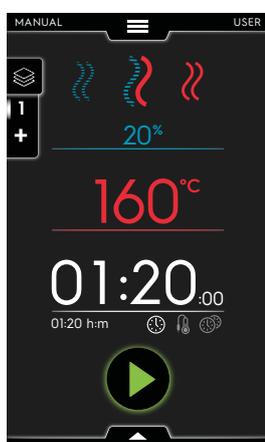

Simplify your life. **SkyLine Premium<sup>s</sup>** has a super-intuitive and simple to read touch screen interface designed to make your work-life easy.

## Touch the simplicity

**Total control at your fingertips.** SkyLine Premium<sup>s</sup> cloud connectivity gives real time access to your appliance from any smart device.

### Manual mode

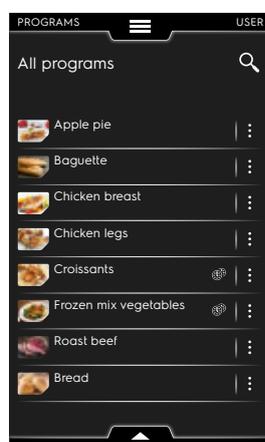

#### Ideal for demanding chefs

Unleash your creativity, personalizing each cooking cycle to fit your needs and have total control over even the smallest detail.

### Programs mode

#### Ideal for repetitive menus

Your food cooked to the same high standard in any SkyLine Premium<sup>s</sup> Oven anywhere in the world. Save and share your programs via OnE Connected or USB key.

### Automatic mode

#### Ideal for saving time and money

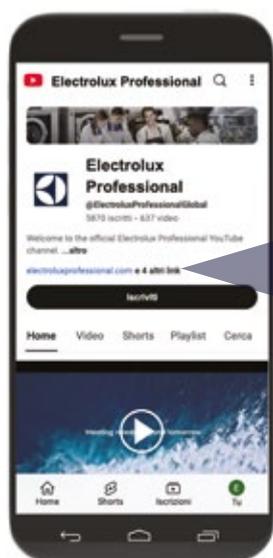

Fast, easy food quality and safety with automatically guided advanced cooking processes, 11 new special **Cycles+** and easy personalization.

Choose your cooking mode and be guided in over **30 different languages**. Color-blind friendly panel.

# The path to simplicity

No instructions necessary, **SkyLine Premium<sup>s</sup>** has been designed and tested by real users to guarantee simplicity of use with integrated help and self-learning technology to guide operators through every step of the cooking process.

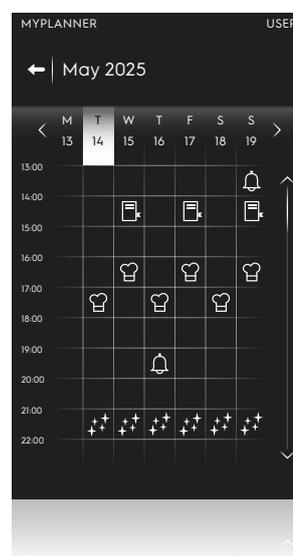

## Watch & learn

### Here to help you every day

Get real time support every day directly from your SkyLine Premium<sup>s</sup> Oven. Find the answers to your questions, access all supporting material and get the most up-to-date information about your SkyLine Premium<sup>s</sup> Oven.

## Planning made simple

### Your agenda at your fingertips

Make your life easier and workflow smoother using the **MyPlanner** functions to plan your daily work and receive personalized alerts for your tasks.

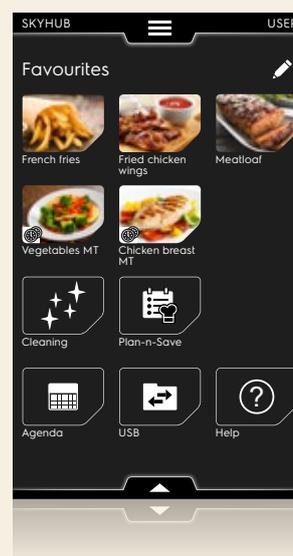

## One page. One touch

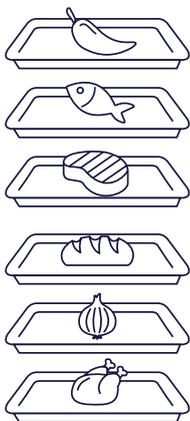

### Make it easy with the all-in-one page

Group all your favorite functions on the **SkyHub homepage** to have immediate access to the features you use most.

# Free your mind

Enjoy the peace of mind which comes from simplified planning and food safety compliance with SkyLine Premium<sup>S</sup>.

## Stress-free rush hours

### Smoother workflow with easy planning and managing of multiple cooking cycles

Improve flexibility by planning and managing multiple cooking cycles with **MultiTimer** during rush hours (set up to 20 timers). Assign a different timer to a specific food typology for easy recognition.

## Make-it-mine solutions

All user interface functions can be fully personalized: making your control panel as unique as your fingerprint.

## Food safety

No compromise between cooking quality and safety with **Food Safe Control**. With the 6-sensor Multiprobe inserted, SkyLine Premium<sup>S</sup> automatically ensures that food has been perfectly cooked while operating in accordance with **HACCP** standards. Process recognized by the University of Udine, Italy.

# OnE Connected, your digital assistant

Made for  
non-stop  
operations

OnE Connected helps you get top performances from your Electrolux Professional solutions. This will maximize your profits and accelerate your return on investment.

## Be in Control

### 24/7 real time monitoring

Have full transparency of your kitchen operations by monitoring the status, cycles, total working hours, consumptions, alerts of your appliances to be fully in control

## Improve Efficiency

### Recipe Management

Share your recipes digitally with all your locations for consistent quality

### Consumption Tracking

Track the consumption to detect anomalies and ensure sustainable operations

### Alert Management

Have an effective service for alert management and maintenance reducing downtimes of your appliances

### Remote Software Update\*

Elevate your kitchen's performance ensuring peak performance and the latest advancements seamlessly integrated into your operations

\* Available from October 2025 in SkyLine Oven Touch. For more info, check in our Product Data Sheets.

## Ensure Food Safety

### HACCP Management

Automatically and digitally log appliance operations for HACCP, get notifications for HACCP issues respecting the hygiene and food safety requirements

A world of digital solutions that **simplify your work and help your business develop.** Benefit from a growing range of services, designed just for you.

# Excellence time after time

Made for  
performance

The path to culinary excellence starts with maximum precision. SkyLine Premium<sup>S</sup> has the technology to give you absolute control over every setting for even cooking performance, proving, baking, roasting and steaming.

## The most impeccable cooking evenness ever

### Even cooking. Even large loads

Flawless, even results whether cooking or baking thanks to revolutionary high technology **OptiFlow** circulation system which guarantees uniform heat distribution and constant temperature in the optimized cooking chamber. Reverse fan rotation from 300 to 1500 rpm ensures exceptional cooking evenness.

Great performance  
comes from the perfect  
combination of smart  
technology and  
thoughtful design.

Scan to watch  
the OptiFlow  
cooking  
evenness video

## Don't wait around

### Speed up cooking times

Perfect cooking performance without waiting, new SkyLine Premium<sup>s</sup> has **super rapid preheating** thanks to innovative **T-Xcelerator** control.

Switching **from humid to dry** cooking conditions is faster than ever with **Dry-Xcelerator** control. A special butterfly- shaped venting valve able to exhaust up to 90 cbm of air per hour.

## Take control

### Precision monitoring of core food temperature

Increase productivity, guarantee food safety and minimize food shrinkage through precise real time monitoring of the exact core temperature of your food with **6-sensor probe**.

## Over 20 years' expertise in precise humidity control

Lambda sensor measures humidity **every second**, **60 times a minute**, **3600 times per hour!**

**FIRST**  
in the industry

Lambda  
sensor

### Science at your service

Cooking is not just an art but a science. Our latest **Lambda sensor** provides precision real-time measurement and control over humidity in the oven chamber for every type of food and size of load.

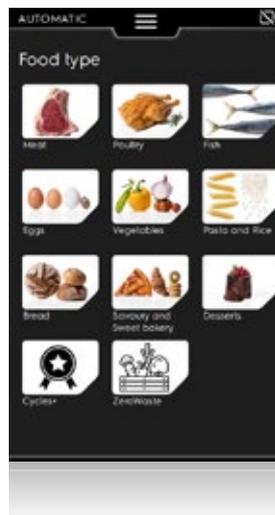

# Your personal journey

Choose the way you want to cook.

## Automatic mode

The best way to increase efficiency in your kitchen

### Green Cooking. Greater Savings

Perfect cooking performance calculated to maximize efficiency. Minimizing consumption is better for your pocket and for the environment.

### Delicious food at your fingertips

Professional cooking has never been so fast and easy. Fast, touch selection of the dish you want and easy personalization. Cooking time, temperature and cooking climate are continuously monitored and automatically adjusted.

## The easy path to great cooking

Just **3 simple steps** to perfectly prepare large quantities of different foods every day:

1. Choose from one of **9 food families** or **11 Cycles+**: Low Temperature Cooking, EcoDelta Cooking, Regeneration, Static Combi, Proving, Sous-vide, Advanced FSC, FSC low risk guide, FSC high risk guide, Dehydration, Pasteurization of pasta.
2. Select the desired result
3. Press start

 SkyLine Premium<sup>®</sup> is designed to work in perfect harmony with SkyLine Chill<sup>®</sup> for flawless Cook&Chill solutions.

# Switch to ZeroWaste

**Food waste is a global issue that affects many businesses.**

Have you ever calculated how food waste affects your business—whether you run a canteen, restaurant, or supermarket? Imagine if there were a simple, effective way to reduce waste and give a second life to ingredients that are usually discarded. **It's time to turn food waste into opportunity.**

## ZeroWaste Program

The ZeroWaste Program demonstrates how even the most wasted ingredients can be transformed into appealing recipes. A fresh, sustainable approach that not only helps your business earn substantial profits but also significantly reduces its environmental impact.

Visit [electroluxprofessional.com](http://electroluxprofessional.com) to discover more about this topic.

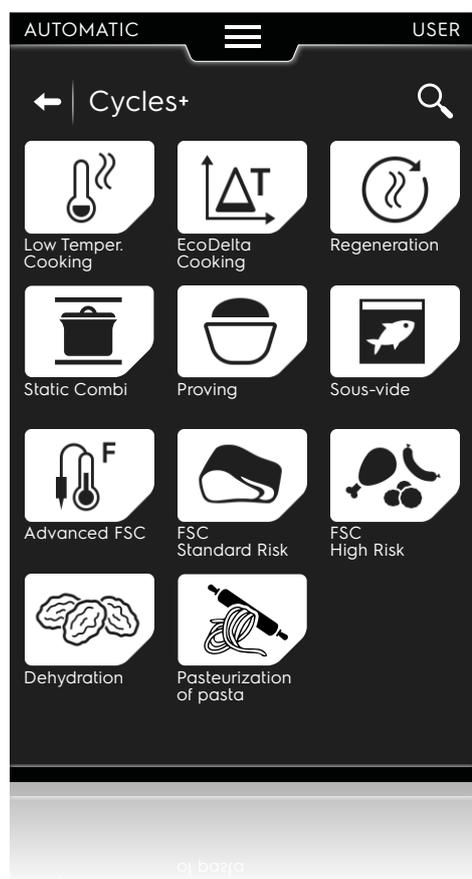

## Obtain the most from ZeroWaste with SkyLine Cook & Chill

All **ZeroWaste** recipes are integrated into our **SkyLine Cook & Chill** solution, allowing you to access them quickly and cook effortlessly. Experience the full range of advantages that come with an **Electrolux Professional** kitchen.

# 11 ways to be special

11 dedicated **Cycles+** to expand your cooking horizons and save you time.

## Ready to serve in under 10 minutes

### Regeneration

Perfect, fast regeneration of your food. SkyLine Premium<sup>s</sup> can have your food ready for service in just 7 minutes.

Efficiency and organization are enhanced by the Electrolux Professional Cook&Chill system: flexibility in planning, handling, storage (increased shelf-life) and regeneration.

## Unique solution for every business

### Static Combi

Advanced technology, classic cooking. Perfect chocolate soufflé and juicy, slowly-cooked pieces of roasted meat will never go out of fashion. Static Combi simulates static cooking using a more gentle air distribution so you can bring a taste of tradition to your menu.

EcoDelta Cooking

Static Combi

Proving

FSC High Risk

# Regeneration

FSC Standard Risk

Advanced FSC

## Low Temperature Cooking

## Sous-vide

Pasteurization of pasta

## Dehydration

Greater efficiency  
and profit with  
special Cycles+!

## 24% less food weight loss\*

### Low Temperature Cooking

Low Temperature Cooking automatic procedure always guarantees top quality cooking results while halving weight loss, which means juicier, more tender and consistently-colored meat.

**Low Temperature Cooking** reduces the “maturing” process of fresh meat from 1 day to 1 hour. Process recognized by the University of Udine, Italy.

### Dehydrating

SkyLine Premium<sup>s</sup> is perfect for quickly dehydrating fruits, vegetables, meat and fish. To preserve compactness, flavor and all the nutritional values of food, the **Dry-Xcelerator** eliminates the liquids from your ingredients by making the oven chamber dry thanks to a combination of low temperatures and zero humidity.

 To ensure perfect results, use the Electrolux Professional dehydrating tray.

\* Based on Internal tests done in Electrolux Professional Laboratory in a SkyLine PremiumS Electric Combi Oven 10GN 1/1 comparing Low Temperature Cooking Cycle\* versus Beef and Veal Roasted Automatic cycle.

# Cleaner flexibility

Save up to **50%** on running costs with Eco cleaning cycles!\*

Flexible, undisputed cleaning with SkyClean technology and unique eco-friendly Eco cycles.

**Uses 33% less water and 22% less detergent while cleaning, as compared to previous models**

SkyClean is an automatic and built-in self cleaning system with integrated descaling of the steam generator.

Energy, water and detergent consumption are reduced to the lowest possible in the **3 standard cycles** (33 to 180 min) and you can save even more by choosing ECO cycles.

**FIRST**  
in the industry

Longer life and top performance of Skyline Ovens only with phosphate free Electrolux Professional chemicals.\*\*

\* Based on Internal tests done in Electrolux Professional Laboratory in a SkyLine PremiumS Electric Combi Oven 10GN 1/1 comparing Standard Intensive cycle versus Eco Intensive cycle with all green features activated. Test performed using Italy 2025 as case for water, energy and detergent cost

\*\* The use of Electrolux Professional original chemicals ensures ideal performance and durability of your oven.

## Now you decide which chemical – solid or liquid

### Flexibility is key

Flawless cleaning results. The SkyLine Ovens generation gives you unique flexibility with 2 different chemical options: **solid** for more intensive cleaning and **liquid** for greater flexibility. These new chemicals have been developed to meet the strictest customer parameters.

### Scaled down spending

Keep SkyLine Premium<sup>s</sup> working perfectly service after service. **ZeroLime** integrated descaling\*\*\* ensures long-term energy efficiency and uncompromising performance over time.

### Stop & Cook in under 10 minutes

Got an unexpected customer while a cleaning cycle is in progress? No problem. Just press stop and the chamber will be fully rinsed and ready to cook again.

### Pick the cleaning cycle that fits your schedule

With three cleaning cycles to choose from, our fastest **33-minute** option lets you freshen your oven between breaks, ensuring a spotless start every shift.

### Plan your cleaning

Make sure daily cleaning is always done by planning and programming SkyClean. Select the right plan for you.

► **Programmable cleaning:**

Decide the best time to activate SkyClean for your kitchen, save it to your agenda in MyPlanner, get alerts and monitor the cycle from any location via OnE Connected.

► **Forced cleaning:**

password-controlled cleaning ensures that programmed maintenance is always done and can be monitored remotely.

# How do you want to cook?

Your food, your choice of:

**7** fan speeds

**3** cooking modes

**100+** humidity levels

**16** cooking phases

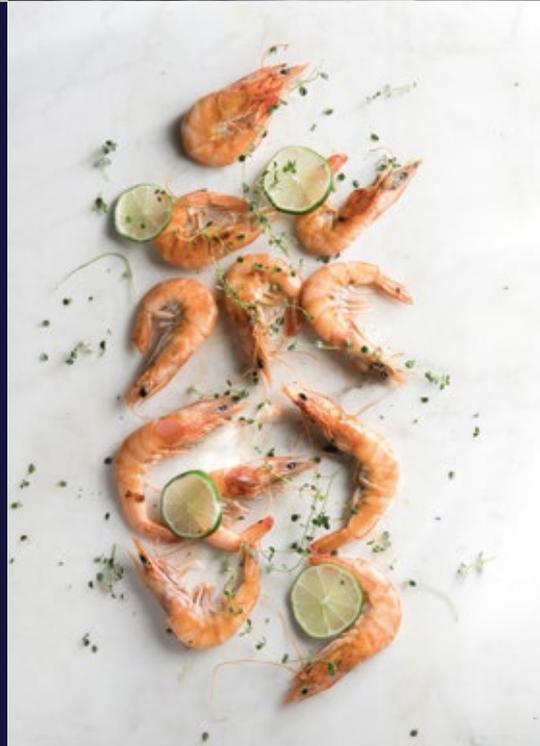

**11** Cycles+.

## Complete control over your creativity

### Every second counts

Precise monitoring and regulation of every part of the cooking process **every second, 60 times a minute**, that means a staggering **3.600 times an hour!**

# 9 Recognitions & Certifications

Rigorously tested and certified in full compliance with the most stringent international standards, SkyLine Ovens are also the only ovens in the world to have 4-star certification for ergonomics and usability.

Scan to see the models Energy Star listed

Uses 33% less water and 22% less detergent while cleaning, as compared to previous models

**GASTEC**

"Up to 50% lower noxious emissions for a healthier working environment. Innovatively designed Electrolux Professional burners exceed Gastec\* low emission requirements."

Scan to view the **Food Safe Control** and **Low Temperature Cooking** achieved with the Department of Food Science at the University of Udine, Italy.

\* Gastec Dutch government certification, the strictest in Europe

Certifications refer to all Ovens of the SkyLine family. For information regarding precise certifications related to specific product codes contact your local Electrolux Professional Partner.

## Excellence with the environment in mind

- ▶ The majority of Electrolux Professional Group factories are third-party certified according to ISO (International Organization for Standardization) standards ISO 9001 and ISO 14001, with some sites also certified ISO 5001 and ISO 45001.\*
- ▶ We are focused on developing innovative and sustainable solutions designed for low water, energy and detergent consumptions and reduced emissions.
- ▶ Our products are tailored to human comfort based on ergonomic principles and according to the user's natural workflow, achieving maximum efficiency with minimum effort. We also perform third-party ergonomic certifications on certain products (ERGOCERT).
- ▶ The selection of materials and technologies for our products complies with REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) and RoHS directives (Restriction of Hazardous Substances 2011/65/EU) for the protection of human health and the environment
