

Specifications/data sheets

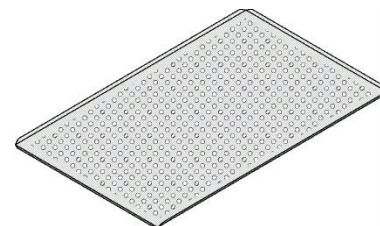

6015.xxxx/60.74.147 Tray, perforated with Trilax® coating

Article number: 6015.xxxx/60.74.147

Variants

- 60.74.147: 2/3 GN
- 6015.1103: 1/1 GN
- 6015.2103: 2/1 GN
- 6015.1000: 400 x 600 mm

Description

- With perforations for a traditional baked underside
- No sticking on the tray
- Easy to clean
- Ideal for baking applications

Difference to standard

- none

Material

- Aluminium with TriLax® coating

Hint

- Do not clean with aggressive cleaning agents.
- Do not clean using CleanJet®.
- Do not clean in a granule-type dishwasher.
- The non-stick coating is not scratch-resistant.
- Do not cool hot cooking accessories with water.
- With the aluminium perforated baking tray, alkaline products (e.g. pretzels) must not come into direct contact with the surface (e.g. use greaseproof paper under the products)
- Temperature-resistant up to 300 °C (572 °F)
