Planetary Mixer, 5 lt. - Electronic with Hub (UK Plug)

603850 (BE5YAG)

5 lt planetary mixer, electronic speed variation. Equipped with stainless steel spiral hook, paddle, whisk and K type accessory hub. Equipped with highly resistant splashguard - BPA free (UK Plug)

Short Form Specification

Item No.

Suitable for all kneading, blending and whipping operations. Aluminium body and metal base for complete stability. 5 litre capacity 18/10 (AISI 304) stainless steel bowl. Powerful asynchronous motor with electronic speed variation from 20 to 220 rpm (planetary movement). Removable/transparent splash guard - made of a bisphenol-A free (BPA) copolyester - activates the raising and lowering of the bowl.

Supplied with 3 stainless steel dw safe tools: spiral hook, paddle and whisk.

Equipped with accessory drive hub type K (accessories are not included).

Main Features

- Professional compact table top beater mixer for intensive kneading, mixing and whipping.
- Maximum capacity (flour, with 60% of hydration) 1.5 kg, suitable for 10-100 meals per service.
- Delivered with:-Spiral Hook, Paddle, Wire Whisk and Mixing Bowl for 5 lt. All made in stainless steel and dishwasher safe.-Accessory drive hub (accessories are not included).
- Tools shape and size perfectly adapt to the bowl for uniform mixing of even small quantities.
- Electronic speed variator.
- Removable safety screen - thanks to a "clip" system without screws - activates the raising and lowering of the bowl.
- Safety device will automatically stop the machine when the bowl is lowered.
- Ergonomic and reliable knob to select the speed adjusting to the tool and mixture hardness.

Construction

- 304 AISI stainless steel bowl - 5 lt capacity.
- Compact and portable design.
- Asynchronous motor with high start-up torque.
- Variable speed from 20 to 220 rpm (planetary movement), to adjust to the selected tool and mixture hardness.
- Planetary movement based on self lubricating gears, eliminating any risk of leaks.
- Water protected planetary system (IP55 electrical controls, IP34 overall machine).
- Transparent splash guard made of Eastman Tritan™ copolyester BPA free, impact resistant and stays clear and durable after several dishwashing cycle. Eastman&Tritan are trademarks fo Eastman Chemical Company.
- Variable speed rotation of the tools from 67 rpm to 740 rpm.
- Sturdy metal accessory hub able to withstand heavy usage.
