

CLASSIC R CAN OPENER

25MM WHEEL - 16/25" SHAFT

10071-01 / 10071-04

The Bonzer® Classic R is our best selling can opener for good reason! This entry level can opener has been copied by many but they cannot deliver on it's unmatched efficiency and durability. Designed with price in mind it offers a strong quality tool with minimal features best for cafés and small restaurants. Two year warranty also included.

FEATURES & BENEFITS

- 1. Eaziclean Removable Blade - Quick Release Pin**
The quick release pin allows for easy set up and replacement of blades. Often targeted by health and safety officers, the eaziclean blade is essential for maintaining food hygiene standards.
- 2. Up to 10 Cans per Day**
We manufacture a range of can openers for different-sized operations. As a guide, we recommend this can opener be used to open up to 10 cans per day. Of course, it can be used more regularly but we would recommend a larger model for improved user experience and durability of the blade and wheel.
- 3. Clean Cut**
The blade of a Bonzer Can Opener isn't sharp - therefore, it produces a clean, safe cut in which you can run your finger around without fear of slicing.
- 4. Easy Maintenance & Spares**
We offer a full array of spares for each can opener as wheels and blades need replacing and will gradually wear with use. They are also dishwasher safe, making them low maintenance, easy to clean and ideal for maintaining strict food safety standards.
