

RACK CONVEYOR DISHWASHERS

The Ecomax Plus rack conveyors are truly outstanding in their field, delivering ease of use and low running costs. Designed for higher volume operations, the machines ensure a gleaming finish without fail.

- Ecotronic control offering a choice of 2 rack speeds
- Push button machine draining
- Stainless steel wash arms with anti-block jets and slider mechanism to open all wash pipes for easy cleaning
- Dryer section and heat recovery options available
- Blue markers for easy identification of removable parts for cleaning
- Stainless steel wash pump housing and impellor for maximum robustness and reliability

ECOMAX PLUS C815A

- Wash up to 120 racks per hour (2,160 plates)
- Compact design – just 1350mm in length
- Comprises main wash and compact dual rinse sections

ECOMAX PLUS C815EA

- Wash up to 150 racks per hour (2,700 plates)
- Compact design - just 1850mm in length
- Comprises prewash, main wash and compact dual rinse sections
