

Welcome to the NU[®] world!

nu[®]

Welcome to the next generation! It's time for a cool design and even more performance – Spülboy NU provides all well known Spülboy advantages and an inspiring hygienic design.

One device, the solution: Sustainability at it's best!

www.spuelboy.de

Test it! The NU[®] generation

+ NU[®] Construction

Intelligent! One-piece construction, two separate washing canisters. Specially the big prewashing and rinse canisters suits to all glass even sizes up to 1L. NU Trendsetting: the combination of hard- and soft plastic components serves a perfect bumper. NU[®] simplifies workflows and combines innovative technic, hygiene and design.

+ NU[®] Hygienic Design

Clean is cool! The close and solid construction is unique, sets fully new standards and fulfills national and international regulations and quality criterias as well as requirements according to e.g. DIN and FDA. The well-chosen material selection, a sophisticated geometry of the individual components and many constructive details evolve the NU[®] towards a pioneering and amazing piece of art work.

+ NU[®] Sustainability

Think new! Clean green. Hygienic glass washing without electricity and most economic water consumption. Typical: the optimized water supply and the efficient water circulation guarantees an amazing water quality.

NU[®] Style

NU is pure! Due to the fashion look and fresh color NU fulfills all requirements towards a modern and hygienic bar area. A design object compelling for everyday's quality.

NU[®] 3 in 1

One washer, three individual purposes. NU convince triple: as modern standard version, as flexible portable glass washer or custom made built-in device. Our opinion: Wow!

NU[®] Quality

Highest Quality! Innovative engineering! 100% made in Germany. NU redefines Quality. Spülboy NU renounces as much as possible spare parts to it's best. In need just change the brushes, that's it! This is how we define Quality and Efficiency!

NU[®] STANDARD

Robust construction, quick connection, perfect performance.

And on top: simplest maintenance.

NU[®] WATER+

International innovation! Proven performance with an extra plus.

Push the button – it serves even more fresh water.

Coming soon!

NU[®] PORTABLE

All over ready for use – without sink! Just place the drain hose to the water outlet and wash independently.

No Event without NU[®]
The robust and gentle Allrounder

NU[®] BUILT-IN

Less space? One sink only? NU can be built in easily. Just create a cutting out with the help of our template and hang in the NU.

Big plus! The SPÜLBOY® add ons

DIMENSIONS

„Save the Taste!“

This is our international aim, especially when it comes to beer: perfect pleasure “from the keg to the glass”. Spülboy is an indispensable part of this quality chain and is worldwide appreciated by breweries and restaurateurs. Spülboy is setting standards for all bar areas because only hygienic, crystal clear glasses guarantee the unique taste.

Your beer deserves it. And your customers will love it.
