

## Cater-Ice Ice Machines - Part List

Models: CK2020,2025,2050,2080

| Ref | Part Name                   | Ref | Part Name                     |
|-----|-----------------------------|-----|-------------------------------|
| 1   | Bottom front plate          | 35  | Spring washer                 |
| 2   | Ice scoop                   | 36  | Flat pad                      |
| 3   | Ice machine door            | 37  | Axle for turn ice motor       |
| 4   | Upper front plate           | 38  | Bearing                       |
| 5   | Function indicator          | 39  | Turn ice motor                |
| 6   | Display PCB                 | 40  | Rear cover plate              |
| 7   | Power switch                | 41  | Right side plate              |
| 8   | Cabiner cover plate         | 42  | Water inlet solenoid valve    |
| 9   | Operation panel cover       | 43  | Fixing plate for inlet valve  |
| 10  | Left side plate             | 44  | Power supply cable & plug     |
| 11  | Plastic support plate       | 45  | Water inlet valve             |
| 12  | Control box                 | 46  | Drain water pipe              |
| 13  | PCB Control board           | 47  | Condenser temperature sensor  |
| 14  | Control box cover           | 48  | Filer                         |
| 15  | Micro switch                | 49  | Rear grill                    |
| 16  | Micro switch fixing plate   | 50  | Compressor                    |
| 17  | Plastic water box           | 51  | Condensor                     |
| 18  | Evaporator bracket          | 52  | Fan                           |
| 19  | Fountain head               | 53  | Base plate                    |
| 20  | Circulating back water pipe | 54  | Feet                          |
| 21  | Top cover plate             | 55  | Excess water drain pipe       |
| 22  | Water pump                  | 56  | 3-way Drain connector         |
| 23  | Tube for water pump         | 57  | Melt ice drain pipe           |
| 24  | Water level sensor          | 58  | Copper collector              |
| 25  | Water temp sensor           | 59  | Electric valve                |
| 26  | Flush joint cover           | 60  | Air vent                      |
| 27  | Flush joint                 | 61  | Ice bar                       |
| 28  | Water injection pipe joint  | 62  | Plastic cabinet               |
| 29  | Water injection pipe        | 63  | Ice bin thermostat            |
| 30  | Evaporator                  | 64  | Bin thermostat fixing clip    |
| 31  | Magnet                      | 65  | Plast pipe for bin thermostat |
| 32  | Hall sensor                 | 66  | Drain cover                   |
| 33  | Turn ice motor bracket      | 67  | Silicone washer               |
| 34  | Locknut                     | 68  | Drain water outlet            |
