

A4 Appliance Descaler

Effective limescale removal for a wide range of appliances such as coffee machines, hot water dispensers, kettles and steam irons. The fragrance-free formula makes this safe for use with drinks machines.

- Cleans and brightens appliances
- Safe for aluminium and stainless steel
- Powerful descaling action
- Highly concentrated formula - very economical in use
- Fragrance and taint free

FOR PROFESSIONAL USE ONLY. Dilute with fresh clean water according to level of descaling action required. Use undiluted for the heaviest deposits and diluted up to 1:100 for lower levels of scaling. Leave in contact with surfaces for at least 1 hour or overnight. For appliances such as coffee machines and steam irons, fill the water compartment with diluted solution and prime by drawing a small amount of solution through the system before leaving to work. All appliances with food or beverage contact surfaces must be thoroughly rinsed with clean fresh water after using the descaler.

QUALITY ASSURANCE:

This product is manufactured in the UK by Orca Hygiene Ltd. Produced under ISO9001 Quality Management System and ISO 14001 Environmental Management System.

CONTAINS: phosphoric acid, orthophosphoric acid
