

CQUBE FILTER BREW

Freshly ground, perfectly brewed coffee? Using new technology and logic we have built a coffee machine that meets the demands that we ourselves and the world's coffee lovers make. It is all about exclusive design, flexible technology, energy-efficient operation and minimal impact on the environment throughout the life of the machine. What we strive for is nothing less than perfect coffee. Something that depends on a combination of coffee beans, water, temperature and technique. CQube gives you precision; precision with respect to brewing temperature, brewing time, grinding grade and recipe. For unique coffee varieties. Flavour is precision and passion. Our passion.

CQUBE S

CQube SF03

CQube SF03

- Canister for ground coffee
- 3 ingredient canisters
- Push-button panel
- Base cabinet as an option

CQube SF12

CQube SF12

- 1 grinder, 1 bean hopper
- 2 ingredient canisters
- Push-button panel or 7.5" touch screen
- Base cabinet as an option

CQube SF20

CQube SF20

- 2 grinders, 2 bean hoppers
- Push-button panel or 7.5" touch screen
- Base cabinet as an option

CQUBE M

CQube MF04

CQUBE MF04

- Canister for ground coffee
- 4 ingredient canisters
- Push-button panel
- Base cabinet as an option
- Cold & sparkling water as options

CQube MF13

CQUBE MF13

- 1 grinder, 1 bean hopper
- 3 ingredient canisters
- Push-button panel or 7.5" touch screen
- Base cabinet as an option
- Cold & sparkling water as options

CQube MF13

CQUBE MF13 WHITE

- 1 grinder, 1 bean hopper
- 3 ingredient canisters
- Push-button panel or 7.5" touch screen
- Base cabinet as an option
- Cold & sparkling water as options

CQUBE L

CQube LF04

CQube LF04

- Canister for ground coffee
- 4 ingredient canisters
- Push-button panel
- Base cabinet as an option
- Cold & sparkling water as options

CQube LF13

CQube LF13

- 1 grinder, 1 bean hopper
- 3 Ingredient canisters
- Push-button panel or 7.5" touch screen
- Base cabinet as an option
- Cold & sparkling water as options

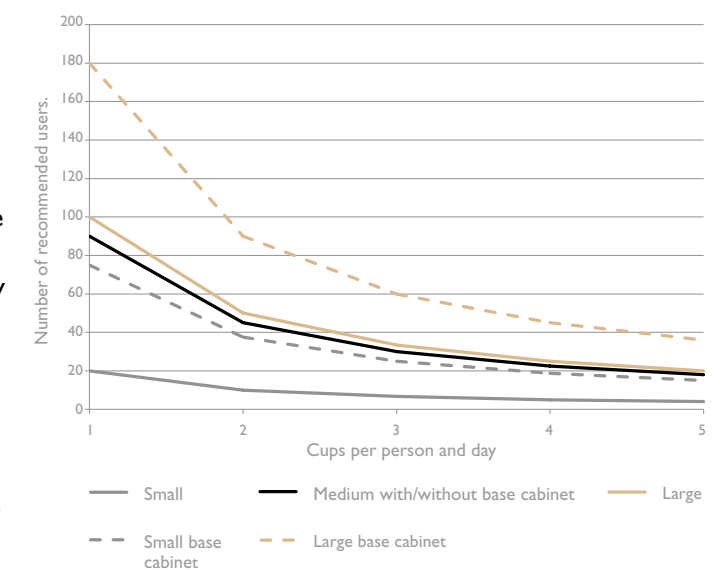

CQube LF13 Touch Screen with base cabinet

WHICH MODEL IS RIGHT FOR YOU?

CQube is available in three sizes S, M and L. Regardless of the model, a cup of freshly brewed coffee takes the same length of time to prepare. Apart from the drink options you wish to serve, it is the number of persons, the number of cups per person and day, and the desired or actual emptying and filling frequency which determines the appropriate size.

The graph shows the recommendations for a machine that is to be emptied and filled every other day. Machines with a base cabinet have a higher capacity because there is the possibility of accommodating more coffee grounds in the cabinet.

OPTION

Model	Base cabinet	Chilled water	Sparkling water	Water filter	Payment system*	Touch screen	GUI with own design	Branding

COFFEE QUEEN

CQUBE FILTER BREW

PURE PASSION

With a focus on flavour and quality, Crem International manufactures and markets the two strong brands, Coffee Queen and Expobar. Coffee Queen includes machines for freshly brewed coffee, espresso, instant and juice. Expobar offers high quality manual espresso machines. With development and production in our own factories, we offer modern and innovative coffee and drink solutions to meet the needs of hotels, restaurants, cafés, workplaces and public spaces where only the best is good enough.

A strong brand of Crem International
