

Product Description

A drop in refrigerated well with static cooling designed to suit gastronorm pans (available in sizes for 2, 3, 4 or 5 1/1 gastronorm pans). The well is stainless steel construction and the unit is static cooled. Please note these units have to be built into a counter (not supplied). It is the purchasers responsibility to ensure there are suitable sneeze screen or covers for the purpose it is being used for, and that airflow within the unit is not interrupted and suitable cooling is allowed around the condenser. Incorrect installation will invalidate any warranty. Installation must comply with relevant environmental health and food safety standards.

Features and Benefits

- Static cooling
- Digital controller and temperature display
- Stainless steel construction
- Suitable for building into counters
- Accepts gastronorm pans (not supplied)
- 3 Pan supports - 520mm x 20mm

Technical Specifications

Temperature Range	+2/+8°C
Refrigerant	R134a
Type of Defrost	Automatic
Exterior Finish	Stainless Steel
Interior Finish	Stainless Steel
Power Required	13 Amp
Max Ambient	30°C at 55% RH
Climate Class	4

Incorrect installation will invalidate any warranty. Installation must comply with relevant environmental health and food safety standards. Full product dimensions can be found at www.interlevin.co.uk
