

LG F0Z8016TWC
AI Direct Drive Washer

- Product Highlights**
- Power supply:** 13 amp plug
- Washer capacity:** 16kg
- Drum volume:** 119.7 Litres
- Dimensions:** W650 x D780 x H950mm
- Programmes:** 23 (including Eco 40-60, Hygiene, Cotton, TurboWash 39, Delicates, Stain Care, and Allergy Care)
- Maximum spin speed:** 1000 RPM
- Energy usage at full load:** 0.57 kWh per cycle*
- Water usage at full load:** 65 Litres per cycle*
- Water supply:** Cold water connection only
- AI Direct Drive:** Intelligent fabric detection for optimised washing performance
- Warranty:** 1 Year Parts and Labour

AI Direct Drive: Experience intelligent fabric care with LG’s advanced AI Direct Drive technology. The machine automatically senses the weight and softness of your fabric, adapting the wash motions accordingly. This smart adaptation ensures optimal cleaning performance, keeping your clothes looking newer for much longer.

TurboWash 360: Get your laundry done faster without sacrificing wash quality thanks to TurboWash 360. This powerful feature gently and thoroughly cleans your items using multi-directional water jets. You can achieve a complete, high-quality wash cycle in just 39 minutes, suiting busy daily schedules.

Tailored for **light-duty** commercial use, the F0Z8016TWC is designed for a maximum of 4 uses per day. Serving as the ideal solution for small businesses with low volume use:

B&B’s, Camp Sites, Sports & Fitness Clubs, Cafés, Student Housing, Salons, & Large Households.

Steam Hygiene Programme: Ensure a healthier home environment with the integrated Steam Hygiene Programme. By delivering a deep, penetrating clean, this feature effectively sanitises your garments during the wash. It is proven to reduce household allergens and harmful bacteria by up to 99.99%, providing reassurance.

ThinQ Smart Connectivity: Take complete control of your laundry from anywhere with the intuitive ThinQ mobile app. This smart connectivity allows you to connect with your appliance at any time via your smartphone. You can easily start cycles, monitor wash progress, and access smart diagnostics.

Big Capacity: Wash significantly more in a single go with the machine's impressive 16kg big capacity. Featuring an increased drum size and a robust 1000rpm spin speed, it effortlessly handles large household loads while maintaining an exceptional A-class energy efficiency rating for your home.
