

Frostar Bottle Coolers

Chilled Solutions

Frostar is a refrigerated unit designed to frost glasses and super-chill spirits. By reducing the need for ice, Frostar enhances the appearance of the drink and reduces dilution, creating the perfect cocktail at the ideal serving temperature.

Frostar Bottle Coolers

Chilled Solutions

All Frostar models have stainless steel interiors and are available in a choice of stainless steel or painted black exterior.

Frostar is ideal for premium presentation of all cooled bar products from bottle beers to cooled glasses.
