Display counter warmers Single-tier, humidified

MODEL HCW-3 single tier 3-pan HCS-5 single tier 5-pan

Single-tier humidified display counter warmer, model HCW-3 with flip-up pass-through doors.

General Information

The Henny Penny two tier counter warmers are designed specifically for serving and displaying hot food at the point of sale in retail foodservice operations. Units feature high product visibility, pass-through operation, and water-well humidity control.

These attractive, dependable humidified countertop warmers offer practical pass-through convenience while keeping hot food items fresh, appetizing and on display for customer impulse purchases.

The HCW single-tier models offer a humidified holding environment from the heated, auto-fill reservoir in the base. Water temperature and upper radiant heaters are controlled separately.

Tough acrylic flip up doors offer excellent product visibility and convenient pass-through access—a must for high-volume service.

Units are built from high-quality stainless steel and are insulated for energy-efficient operation.

Standard Features

- Stainless steel interior and exterior construction for easy cleaning and long-lasting service.
- Available in two lengths: 3-pan or 5-pan capacity.
- Humidified operation:
 - Water reservoir runs length of unit with automatic or manual fill.
 - Two water well strip heaters.
 - Low water indicator light.
 - Drain tube prevents water well overflow.
 - Water temperature display and control.
- Upper heat provided by longlasting sheath radiant heaters.
- Insulated top and bottom for energy efficient operation.

- Independent heating controls for upper and lower water pan heat enables a wide range of holding environments for different foods.
- Water temperature display and control.
- Tough, durable acrylic flip-up door panels for see-through, passthrough operation.
- Incandescent lighting for appealing food display.
- Removable access panels for easy maintenance.
