### COUNTER CHILLER

The KMC-DS is a reliable storage solution for valuable produce, featuring fan-assisted cooling for quick temperature reduction. It includes one shelf per door and a digital temperature display, maintaining consistent temperatures for fresh meat even at 43°C. A 100mm splashback prevents food from falling behind, and its generous capacity is gastronorm-compatible. Heavy-duty castors allow easy movement for cleaning, making it ideal for busy commercial kitchens while being energy efficient.

#### FEATURES

- Dixell Controller
- -2°C / +8°C
- Replaceable Gasket
- Lock Fitted
- Recessed Handle
- 1 x 1/1 Shelf Per Door
- Castors Fitted
- R290 Refrigerant
- Ventilated Cooling
- Automatic Defrost
