Elegant display chiller with canopy

The TEFCOLD LGC chiller now available in a sleek black finish. This exciting update allows the unit to seamlessly blend into various retail and catering environments, making it an excellent choice for establishments seeking a sophisticated and high-quality aesthetic. Each door boasts two vertical LED light strips, these draw attention to the product on display giving a striking contrast against the black interior of the cabinet. There is also an LED light canopy which is ideal for branding and advertising. The unit's interior base is manufactured from stainless steel and features curved corners to help with cleaning and hygiene. Additionally, the carefully engineered refrigeration system is highly energy-efficient, minimising operational costs while keeping your products at their optimal temperature. The unit is also fitted with castors, to allow moving for cleaning purposes and other necessary adjustments.
