Specifications

The latest generation of Maxiglass bottle coolers is packed full of innovations! With brighter lights and energy saving features, the best just got better.

The MG3/500SD bottle cooler has two sliding glass doors, with vertical LED lights with even light distribution, so bright we have engineered a dimmer feature! The Maxiglass range uses environmentally friendly R600a refrigerant.

The unit comes with five solid shelves, engineered for stability and ease of cleaning. Locks are supplied as standard.
