

GR650 MIDI GLASS DOOR REFRIGERATOR

The Gram Professionals Maxi series consists of robust and reliable cabinets in GN sizes, built for demanding professional use with many door openings and high requirements for temperature stability.

The MIDI glass door cabinet is the optimal choice in busy kitchens where ergonomics and efficiency are crucial. The cabinet's design, with the compressor located at the bottom, frees up extra space at a user-friendly height. Combined with the cabinet's width, which makes the goods easily accessible, and a glass door that allows you to quickly and easily see the contents of the cabinet without opening it, all this makes the cabinet a really good choice for busy kitchens.

The wide GN size (2/1 GN) allows you to place two 1/1 canteens side by side. With a maximum height of only 2 metres and a depth of only 77 cm, the cabinet can be placed even in areas with limited ceiling height and narrow passages.

The cabinets are, of course, super low-energy and of the high quality and reliability you are accustomed to from Gram Professional in Denmark.

Standard equipment:

- Stainless steel interior and exterior 4 grey wire shelves
- Right-hinged and reversible door with self-closing mechanism and lock
- Efficient LED lighting
- 5-year warranty

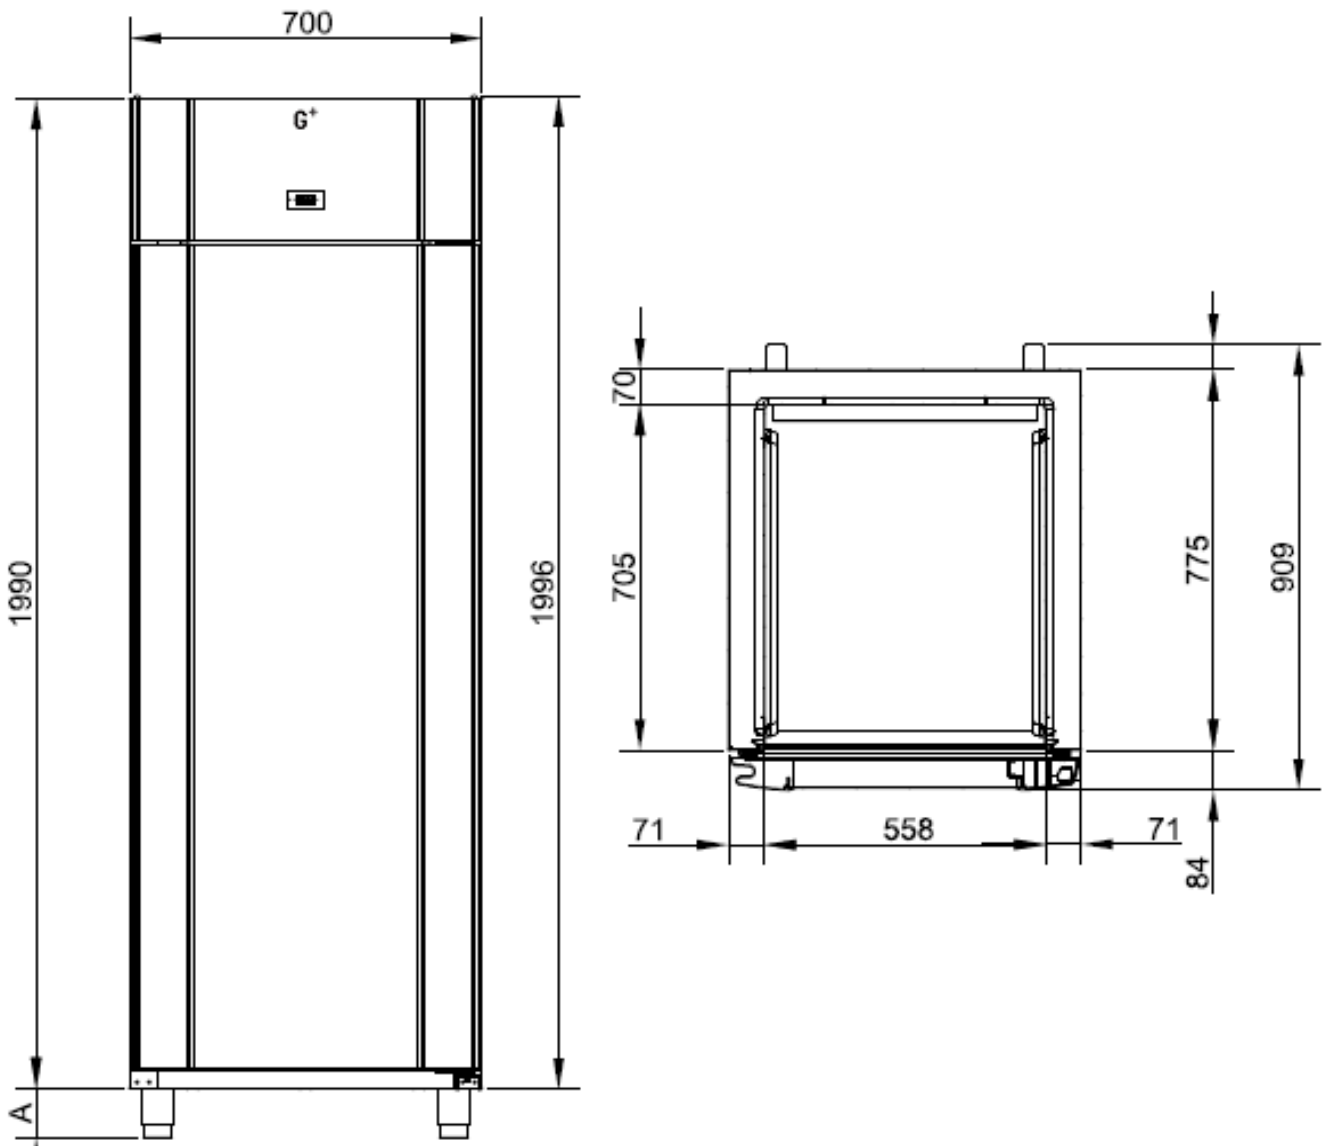

Options:

- Stainless steel wire shelves / extra shelves
 - The door is available in both left and right-hinged versions
- Removal of protective foil

GLASS DOOR REFRIGERATOR +2/+12°C

PRODUCT NAME	GR650 MIDI
ITEM NUMBER	946570120
VOLUME (liter, gross/net)	603 / 521
NUMBER OF SHELVES	4
ENERGY EFFICIENCY CLASS / EEI	E / 75,5
ENERGY CONSUMPTION (kWh/year)	1.006
SOUND LEVEL (Db (A))	48,2
COOLING CAPACITY AT -10°C (W)	410
CLIMATE CLASS	4 (30°C/55% RH)
DIMENSIONS W x D x H (mm)	820x780x2000
GROSS WEIGHT (kg)	156
REFRIGERANT / FILLING	R290 / 123 g
GWP / Co2 EQUIVALENT	3 / 0,000369 t
CONNECTION	230 V, 50 Hz / 1,47 A
CONNECTION LOAD (W)	260

C700 / F700

A: Legs can be adjusted to a height of 135/200 mm
