

# OSBORNE REFRIGERATORS

## **Model OC80 & OC150**

<b>Details</b>	<b>OC80</b>	<b>OC150</b>
<b>Height (mm)</b> (inc castors on OC150)	900	1470
<b>Width (mm)</b>	530	530
<b>Depth (mm)</b>	700	700
<b>Number of Trays</b> (1/1 gastronorm 100mm deep)	3	3
<b>Number of Trays</b> (1/1 gastronorm 150mm deep)	1	4
<b>Total Tray Capacity</b> (litres)	61	122

Osborne Refrigerators Ltd have been established at our West Sussex base for more than 50 years and we are the leading British manufacturer of refrigerators designed for the chilling and storage of wine and cold beverages. All our chillers are also suitable for storing foodstuffs. As well as our standard range of cabinets, which are specified by leading breweries, drinks manufacturers and leisure companies across the world, we also produce a range of high quality cabinets designed specifically for the refrigeration of milk for coffee machines.

All our refrigerators use CFC free polystyrene insulation and can be efficiently recycled at the end of their life. They are also available with a choice of refrigerants.

The Osborne range is always evolving, due to our commitment to constantly improve our products and also in response to specific customer requirements. We have built an enviable reputation for the quality and reliability of our refrigerators and we will never stop working to maintain that reputation.

### **Details**

Models OD80 and OC150 are specialist chilled cabinets designed for the storage of fresh fish. They are manufactured from brushed stainless steel with a food-safe stainless steel interior. The trays, their inserts and the racking are also stainless steel and can be fully removed for cleaning. Insulation is efficient, ozone friendly polystyrene and the refrigerant used is environmentally friendly R600a. The cabinets feature cool wall refrigeration to maintain optimum humidity and prevent the fish from drying out. A drain is situated at the base of the cabinets which can be connected to an external pipe if required. Castors are fitted to OC150 (and can be factory fitted to OC80).

## **Features**

Cool wall refrigeration for perfect storage  
Digital temperature controller  
Stainless steel construction throughout  
Standard gastornorm trays for convenience  
Fully removeable trays and racking  
Drain for easy cleaning  
Castors (OC150 only)

## **Options**

Castors (OC80 - add 800mm to height)  
Alternative tray configurations  
Right or left hinged door

## **Cabinet Specifications**

Model Number	OC80	OC150
<u>Physical Info</u>		
Height (mm)	900	1470
Width (mm)	530	530
Depth (mm)	700	700
Nett Tray Capacity (ltr)	61	122
Gross Volume Packed (ltr)	415	650
Gross Weight Packed (kg)	70	80
<u>Technical Info</u>		
Voltage (V)	220-240	220-240
Frequency (Hz)	50	50
Rated Power (W)	200	240
Compressor	Danfoss TLES5.7KK.3	Danfoss TLES8.7KK.3
Refrigerant Type	R600a	R600a
Refrigerant Charge (g)	32	55
Temperature Range (°C)	-1 to +1	-1 to +1
Insulation Type	Polystyrene, CFC Free Polystyrene, CFC Free	
Insulation Thickness	50	50
Approvals	CE	CE
