Please fill in values measures at the site:

For calculating the distances see unit sizes on page 2.

Side/top distances:

A =

B =

C =

P =

Power Supply

D =

E =

ATTENTION:

Only use HT-pipes no hoses for the drain

Gas supply (in case of gas units)

F =

G =

Type of gas connection:

Water Supply

H =

I =

Drain:

Table model

J =

K =

L =

Floor model/combi

M =

N =

O =

1. Check all doors and corridors for sufficient space:

Required door width:

Unit size	Without Pallet	With Pallet
6X1/1GN	840mm (33 1/8")	920mm (36 1/4")
6X2/1GN	1040mm (41")	1120mm (44 1/8")
10X1/1GN	840mm (33 1/8")	920mm (36 1/4")
10X2/1GN	1040mm (41")	1120mm (44 1/8")
20X1/1GN	920mm (36 1/4")	950mm (37 1/2")
20X2/1GN	1140mm (45")	1150mm (45 1/4")

Hints:

- Dismounting door handle reduces depth minus 20mm.

- Table models are with left hinged doors available.

2. Check Site:

Yes

No

a) Floor level

if no, what is the approximate slope?
(in case the slope is more than 3% use access ramp)

b) Space left/right/rear

6X1/1GN	840mm (33 1/8")	920mm (36 1/4")
6X2/1GN	1040mm (41")	1120mm (44 1/8")
10X1/1GN	840mm (33 1/8")	920mm (36 1/4")
10X2/1GN	1040mm (41")	1120mm (44 1/8")
20X1/1GN	920mm (36 1/4")	950mm (37 1/2")
20X2/1GN	1140mm (45")	1150mm (45 1/4")

d) Which mains is available (fill in rest)?

e) What fuses are installed in the mains?

_____ A

f) In case of floor models, is parking space for trolleys available?

Yes

No

Attention: NO FRYERS AR LEFT SIDE OF THE UNIT, INSTALL HEAT SHIELD IF NECESSARY

c) Other appliances left of the unit (seen from front side) within 500mm (20")

Yes

No

If Yes, which appliance?

g) Is an extraction hood installed?

Yes

No

3. Water supply

a) Water treatment system installed

If yes, which system

b) Separate water tap for every unit

(Attention: Unit has 3/4" connection)

c) Measured water pressure:

d) Measured water temperature:

4. Drain

a) Location of drain?

b) Material of drain pipe

Suggestion for drain connection: _____

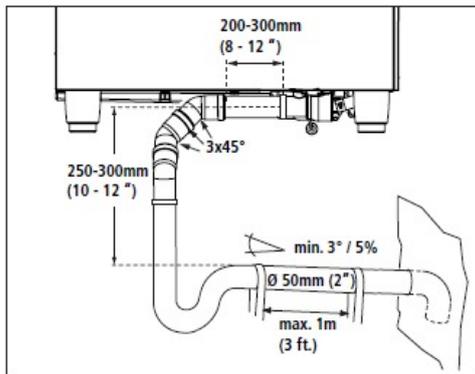

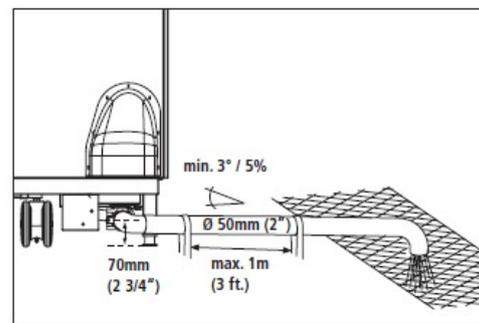

Table model

Floor model

5. Gas supply (in case of gas units)

a) Which gas type is needed?

b) Attention: Unit has 3/4" connection

c) Inform customer to discuss room size and flue gas system with local authority.

6. Customer was informed about 2 years warranty?

Yes

No

7. Connection set complete (CKP7722) required?
