Rectangular Waffle Makers

Models: RCTWM-1B, -2B

Hatco®/Suntec Rectangular Belgian-style Waffle Makers are designed for use in commercial kitchens, display cooking applications, and buffets. They feature an exclusive heating element design, which provides exceptional heat distribution throughout the entire cooking plate, resulting in perfectly even cooking and great quality waffles. Adjustable time and temperature allow operators to "dial in" the perfect cooking profile for their particular operation, or use different batters to expand the menu offering.

Standard features

- Commercial foodservice quality - designed for many hours of continuous use, every day
- Stainless steel frame, cast aluminum cooking plates
- Belgian-style cooking plates delivers 1" (25 mm) thick waffles
- LED display shows timer, temperature and status information
- Beeper signals the end of a cooking cycle
- Simple push button control panel featuring a stand-by on/off, timer/temp toggle, higher/lower selection, and start/stop
- Fast initial heat up time, excellent heat retention and recovery delivers high productivity and consistent results
- Models come with a stainless steel frame and aluminum cooking plates. Also a power I/O (on/off) switch, a multi-function control panel, a nylon brush and 6' (152 mm) cord and plug
