

Designed and manufactured in the UK in our Basingstoke factory, this Blood Bank refrigerator is a certified Medical Device in accordance with Directive 93/42/EEC and is compliant with BS4376:Part 1:1991, this blood bank is fitted with safety features such as a seven day chart recorder to keep you in the knowledge that your product is stored correctly and safely.

Fitted with a hygienic, wipe clean, touch screen controller with alarm battery back up, the clear LED display shows all alarms visually as well as emitting an audible warning. Both the air and load temperatures are monitored as well as a door open and mains failure alarm. With remote alarm contacts fitted as standard, this blood bank refrigerator can be linked up to most alarm systems.

Not only do Labcold blood banks ensure your products are stored correctly, but the digital electronic door lock provides easy access and added security plus easily links to up to blood tracking systems or remote locking software.

Labcold blood banks are tested for 72 hours and calibrated by our UKAS laboratory No: 8898 before they are dispatched and all come with a FREE 2 year parts and labour warranty (UK only).

## RDBB2180MD Freestanding Blood Bank

Part Number	RDBB2180MD
Capacity (Litres)	345
Capacity (250ml bags)	160 (approx)
Style	Freestanding
Exterior Dimensions (HxWxD)	1395 x 715 x 839mm
