LABCOLD™
medical & scientific refrigeration

RLBM0210A
Breast Milk Refrigerator

Part Number	RLBM0210A
Capacity (Litres)	66
Style	Bench top/Wall mounted
Exterior Dimensions (HxWxD)	735 x 450 x 510mm
Interior Dimensions (HxWxD)	588 x 331 x 226mm
Temperature Range	0ºC to 5ºC
Operating Temperature	+3ºC
Interior Construction	Powder Coated Steel
Exterior Construction	Powder Coated Steel
Shelves	3
24/7 Automatic Data Recording	✓
Door Style	Solid
Door Hinging	Right (can be reversed at time of manufacture)
Door Lock	✓
Self Closing Door	✓
Digital Temperature Control	✓
Digital Temperature Display	✓
Set Point Display	
Internal Light	✓
High/Low Temperature alarm	✓
Minimum/Maximum Temperature Recording	✓
Door Open alarm	✓
Mains Failure alarm	✓
Alarm Battery Back-Up	✓
Off cycle auto defrost	✓
Fan Assisted Cooling	✓
Remote Alarm Contacts	✓
Low GWP Refrigerant	✓

The Labcold Breast Milk refrigerator has been specifically designed to store human milk in optimum conditions. With three adjustable shelves and an interior fan for even temperature distribution, this fridge is fitted with a lock for extra security.

The simple to use four button controller displays the internal temperature of the fridge, but it also shows minimum and maximum temperatures which can be displayed at the touch of a button. It also alarms if the internal temperature drops below 0ºC or rises above 5ºC. The Breast Milk fridge is also fitted with a door open alarm and, if batteries are fitted, a mains failure alarm.

The RLBM0210A comes complete with a handle designed to stand proud of surrounding units for easy opening and closing.

We are confident that this breast milk refrigerator will provide you with many years of fault free service. However, for extra peace of mind your RLBM0210A comes complete with a FREE 1 year parts and labour warranty!*

The IntelliCold® controller automatically stores temperature data and refrigerator performance. A specifically encoded SD card is available as an optional extra for data transfer so these records can be stored to your PC. Why not ask for details when you place your order?
