Remote alarm contacts	✓
Access Port	X
Defrost	Manual
Internal Light	X
Eco Friendly Refrigerant	✓
Certified Medical Device in Accordance with Directive 93/42/EEC.	✓

Like all Labcold plasma freezers, this model has been designed to operate at a temperature that maintains plasma in optimum condition whilst minimising the risk of bag cracks appearing on thawing. It is a certified medical device in accordance with Directive 93/42/EEC and is compliant with BS4376:part2:1996.

Simulated load and temperature probe

Hygienic, easy to read display and controller

Featuring a Labcold wipe clean controller that displays all the information you will need including audible and visual alarms to alert you to temperature fluctuations. A factory fitted 7 day chart recorder keeps you in the knowledge that your product is stored correctly and safely. For added security a door lock is fitted and is supplied with two keys.

This model comes with two shelves with pull down flaps, and one half size and three full size, clear fronted drawers.

Labcold plasma freezers all come with a FREE 1 year warranty.
