Product Description

The Staycold range of glass door merchandisers are made in South Africa and designed to cope with their hot and often humid environment. The units are able to work in a scorching ambient of up to 40°C. This combined with their excellent build quality has gained them a reputation in the UK for building long lasting units that keep product at the right temperature especially when the weather gets hot. Use of high efficiency compressors, Danfoss intelligent controllers, Low E glass (better insulation), LED lighting, EC energy efficient fans on evaporator and condenser all add up for a great energy saving package and low running costs in a premium cabinet.
