

FROZEN TREAT EQUIPMENT

 **STOELTING**[®]
A VOLLRATH[®] DIVISION

The Only Thing Better Than Our Frozen Treat Equipment? The Frozen Treats Themselves.

It all started back in 1951, when we built the first-ever soft-serve ice cream freezer for Dairy Queen. In the 70 years since, we've adapted, adjusted, perfected, and innovated our way to the head of the pack, manufacturing dependable, durable frozen treat machines that exceed your expectations and produce ice cold perfection. Our top priority is helping customers by manufacturing products that are easy to clean, easy to maintain and easy to own.

- User-friendly technology makes products intuitive
- Long-wearing parts offer low maintenance costs
- White Glove Service Network provides 24/7 access to professional support when you need it

We are part of the Vollrath family, based in Sheboygan, Wisconsin. At Vollrath, we advance the art of hospitality with a full line of products and services that makes you more efficient, more inspired and ultimately more profitable.

SOFT-SERVE & FROZEN YOGURT FREEZERS

Whether you're looking for single-flavor, twin-twist, or double-cylinder designs, we have the ideal equipment for your industry.

- Self-closing spigot eliminates waste and ensures precise portion control
- Clear door shows visible moving product for merchandising appeal
- Stainless steel auger gently folds mix and prevents product breakdown, producing a smoother, creamier product
- Integrated controls provide enhanced diagnostics and simplified operational features
- Consistent startup and output provide the capacity needed at your busiest times
- Long-wearing parts offer low maintenance costs, resulting in reduced cost of ownership
- Precision-controlled refrigeration system protects product from over agitation during slow or nondraw periods

GRAVITY-FED FREEZERS

- Adjustable overrun capability
- Simplified design for quick assembly after cleaning
- Overrun is easily adjustable

ITEM	DESCRIPTION	COOLING
C111	Soft-Serve Freezer, Single-Flavor	Air-Cooled
E111	Single-Flavor, Countertop	Air-Cooled
E131	Twin-Twist, Countertop	Air-or Water-Cooled
F111	Single-Flavor, Countertop	Air-or Water-Cooled
SF111	Single-Flavor, Countertop	Air-Cooled
F131	Twin-Twist, Countertop	Air-or Water-Cooled
F144	Combination Soft-Serve/Shake Double-Flavor, Countertop	Air-or Water-Cooled
SF144	Combination Soft-Serve/Shake Double-Flavor, Countertop	Air-or Water-Cooled
F231	Slim Twin-Twist, Floor	Air-or Water-Cooled
F231-2X	Soft-Serve Freezer, 2 Single-Flavor or Twin-Twist, Floor	Air-Cooled
O111	Single-Flavor, Countertop	Air-or Water-Cooled
O231	Twin-Twist, Floor	Air-or Water-Cooled

ADA compliance available on select models. YG2 frozen yogurt configuration available on certain models.

PRESSURE-FED FREEZERS FLOOR MODELS

- Adjustable overrun capability
- Mix pumps inject the exact amount of air into your mix, maintaining consistent overrun to ensure maximum profitability with clean-in-place simplicity
- Adjustable dispense rate for optimal product output

O431

U421

U431

SU444

ITEM	DESCRIPTION	COOLING
O431	Slim Twin-Twist with Refrigerated Cabinet	Air-or Water-Cooled
U411	Single-Flavor with Refrigerated Cabinet	Air-or Water-Cooled
U421	Double-Flavor with Refrigerated Cabinet	Air, Remote Air or Water-Cooled
U421A	Two-flavor refrigerated mix storage cabinet can hold up to six, 5-gallon bags of mix, reducing the need to frequently replenish mix	Air, Remote Air or Water-Cooled
U431	Twin-Twist with Refrigerated Cabinet	Air, Remote Air or Water-Cooled
U431A	Twin-Twist refrigerated mix storage cabinet can hold up to six, 5-gallon bags of mix, reducing the need to frequently replenish mix	Air, Remote Air or Water-Cooled
SU444	Combination Soft-Serve/ Shake Double-Flavor, with Refrigerated Cabinet and Spinner	Air-or Water-Cooled

REMOTE AIR CONDENSERS

ITEM	DESCRIPTION
2183464-1	Remote Condenser for U431 and U421

ADD VARIETY TO YOUR SOFT SERVE WITH FLAVOR BURST

Flavor Burst is the easiest way to add flexibility to your frozen treat menu without investing in new machines. These units add striped or blended flavors to soft serve, ice cream, frozen yogurt and more. Simply attach the device to the spout of your Stoelting gravity freezer and you are ready to go.

FLAVOR BURST SOFT-SERVE SYSTEM

- Flavor products such as soft serve and yogurt
- Up to eight flavors in blended or striped from one freezer spout
- Ability to combine flavors in one serving
- 38 syrups for stripe; 17 syrups for blend
- Concentrated syrups are stored in 1-gallon ready-to-install bags, have a long shelf life (2 years) and do not require refrigeration
- Spout assembly installs directly onto the freezer spout
- Sanitizer tank allows for simple clean-in-place sanitation of the spout, syrup lines, pumps and bag connectors

ITEM	DESCRIPTION
STL-80SS	Eight-Flavor Striped
STL-80SS-INT	Eight-Flavor Striped (requires floor stand, sold separately)
STL-80SS-DLX	Eight-Flavor Striped Deluxe
STL-40SS-JR	Four-Flavor Striped Junior
STL-80BLD	Eight-Flavor Blended
STL-80BLD-INT	Eight-Flavor Blended (requires floor stand, sold separately)
STL-80BLD-DLX	Eight-Flavor Blended Deluxe
STL-40BLD-JR	Four-Flavor Blended Junior
2209555	Floor stand for STL-80BLD-INT and STL-80SS-INT

COLOR TOUCH PANEL:

- Standard with all equipment
- Full-color, high-resolution 10" touch-sensitive panel with customizable flavor name and button capabilities
- Adjustable flavor dispense rates and serving sizes
- Accessible serving counts and flavor usage
- Password protection ability
- Ability to installation and maintenance functions with easy-to-follow onscreen directions
- Change languages or offer a second language option for bilingual environments
- Self-serve-friendly

SHAKE & SMOOTHIE FREEZERS

The Stoelting® Shake & Smoothie Freezers feature a compact design with high-capacity output. Our equipment will handle high-demand rush hour requirements quietly and efficiently, while giving your profits a boost. Ideally suited for high-volume commercial operations, such as fast-food locations, drive-ins, theme parks, institutions, and recreational facilities. Perfect for thin or thick milkshakes, frozen beverages, smoothies and frozen cocktails.

- High-capacity refrigeration system designed for high-temperature environments; produces volumes of shakes or frozen beverages
- Simplified controls for ease of operation and cleaning
- Stainless steel auger, heavy-duty speed reducer — the standard for long-life dependability

ITEM	DESCRIPTION	COOLING
PRESSURE FREEZERS

FROZEN CUSTARD CONTINUOUS-FLOW FREEZERS

Our Continuous Flow Freezers continue to be the standard in the industry for quality and durability. With our Quick-Freeze Technology™, the barrel freezes custard mix faster than any other machine. This minimizes the size of the ice crystals and ensures the smoothest, creamiest product. We understand the art of producing consistent, premium custard and the value of combining this need with customized, operational support to your business. All so you and your business can outperform every day.

- Each barrel has a separate refrigeration system and controls to run independently
- IntelliTec™ control provides simple two-button operation for simple operation and cleaning
- Adjustable flow valves for optimal product
- Output Capacity: CF101 – 5-6 gallons per hour, M202B – 7-10 gallons per hour per barrel, CC202, CC303 – 11-15 gallons per hour per barrel

ITEM	DESCRIPTION	COOLING
CF101	Single-Barrel Countertop Machine with One 6.4-Gallon Mix Storage Hopper	Air-Cooled
M202B	Double-Barrel Floor Machine with Two 6-Gallon Mix Storage Hoppers	Air-or Water-Cooled or Air Remote
CC202A	Double-Barrel Floor Machine with Two 8.8-Gallon Mix Storage Hoppers	Air-or Water-Cooled or Air Remote
CC303A	Triple-Barrel Floor Machine with Three 8.8-Gallon Mix Storage Hoppers	Water-Cooled or Air Remote

REFRIGERATED DIPPING CABINETS

Keep your freshly frozen custard at delicious dipping temperatures with the Stoelting® Refrigerated Dipping Cabinets. Custom-designed to work with continuous-flow custard machines, these dipping cabinets are an excellent addition to your frozen treats.

- Each well holds a 4.25-gallon (16 liter), square bucket that is removable for flavor changes and cleaning
- Options available in 2, 3 and 4 compartments
- Adjustable temperature
- Condiment rail only available on DC4 machines
- Sold separately from the custard machines

VERTICAL BATCH FREEZERS

Rugged, reliable vertical batch freezers for premium ice cream, gelato, sherbet, sorbet and water ices. Our batch ice cream machines are simple to operate, easy to maintain and built to ensure perfect frozen desserts every time.

- Time or temperature controlled freezing cycle achieves smooth texture and product consistency
- Provide thorough mixing of variegates and particulates not achievable with horizontal barrels
- Vertical-oriented freezing cylinder provides maximum energy efficiency and faster freezing times, resulting in very small ice crystal formation
- Clear acrylic freezing cylinder cover
- Low-cost, long-wearing plastic beater blades minimize frequent and costly blade replacement

ITEM	DESCRIPTION	COOLING	FREEZING CYLINDER (QT)	AVG. PRODUCTION PER HOUR (QTS)*
VB1	Batch Freezer, Countertop	Air-Cooled	7	9.5
VB9	Batch Freezer, Countertop	Air-Cooled	7	9.5
VB25	Batch Freezer, Floor	Air-Cooled	10	25
VB35	Batch Freezer, Floor	Air-or Water-Cooled	15	33
VB60	Batch Freezer, Floor	Air-or Water-Cooled	24	53
VB90	Batch Freezer, Floor	Water-Cooled	30	84
VB120	Batch Freezer, Floor	Water-Cooled	45	127
VB160	Batch Freezer, Floor	Water-Cooled	56	169

*Hourly production assumes a 20 percent overrun. Higher overrun such as desired in premium ice cream will yield higher hourly production. Lower overrun products will yield lower hourly production.

DISPLAY CASES

Protect your colorful, flavorful frozen treats while framing them in a sleek, eye-catching display. The Stoelting® Display Cases are designed to preserve freshness, maintain ideal temperatures and maximize floor space while showcasing the beauty and quality of your creations.

- Forced-air cooling system
- Automatic hot gas defrost
- Curved front glass for viewing of product
- Standard casters
- Compact size for smaller spaces
- Sizes available from six 5-liter pans up to ten 5-liter pans
- Available in white [-WP] or red [-RP]

*BRIO 7
Pans not included*

ITEM	DESCRIPTION	COOLING
CD-BR44-37	Holds six – 5-Liter Pans, (Brio 4+4)	Air-Cooled
CD-BR09-37	Holds nine – 5-Liter Pans, (Brio 9)	Air-Cooled
CD-BR06-37	Holds six – 5-Liter Pans, (Brio 6)	Air-Cooled
CD-BR77-37	Holds ten – 5-Liter Pans, (Brio 7+7)	Air-Cooled
CD-BR07-37	Holds seven – 5-Liter Pans, (Brio 7)	Air-Cooled
CD-BR66-37	Holds eight – 5-Liter Pans, (Brio 6+6)	Air-Cooled

GELATO PANS

ITEM	DESCRIPTION
TG14154	Gelato Pan – 4.25-Liter Stainless Steel
TG1415-C	Gelato Pan Cover – 4.25-Liter Polycarbonate
TG36165	Gelato Pan – 5-Liter Stainless Steel
TG3616-C	Gelato Pan Cover – 5-Liter Polycarbonate

COMPANION CART PORTABLE CLEANING SYSTEM

The Stoelting® Companion Cart Portable Cleaning System is a mobile self-contained cleaning system that can be used to clean and sanitize frozen treat and commercial foodservice equipment.

- Available in three configurations to suit your cleaning needs based upon machine location and application
- Modular design for easy disassemble, transport and reassemble
- 50-ft hose included and safe for potable water
- Onboard 15-gallon gray water tank
- Extendable drain board adding additional counter space
- Companion Cart 2 adds additional features like onboard 15-gallon freshwater tank, foldable faucet for easy storage, and integrated Hydra Rinse® sanitizing and washing system
- Companion Cart 3 adds the Hydra Rinse mixer unit that connects direct to your frozen treat machine to control the cleaning and sanitizing process
