The Hatco®/Suntec **Snack System**

The Hatco®/Suntec Snack System

ONE SYSTEM. ENDLESS USES.

The Snack System from Hatco and Suntec raises the bar on multi-purpose equipment. Featuring versatile, replaceable plates, the Snack System gives operators the freedom to explore new revenue-driving menus that keep customers coming back for breakfast, lunch and everything in between.

Compact design fits in any location and transports easily.

Replaceable plates for flexible breakfast-all-day, lunch and snack menus.

Exclusive heating elements deliver even heat distribution and cooking.

Stainless steel construction is durable and looks great on any snack bar or café counter.

Short cook times deliver convenience without sacrificing the freshness of made-to-order foods.

SNACK-1 with Chelky plate

One-touch release with latch opener makes cleaning and swapping plates easy as can be.

Programmable presets keep labor costs down while cooking food to absolute perfection.

On-demand cooking controls allow operators to bake or grill as many or as few items as needed — resulting in no waste!

Adjustable controls for time, individual plate temperature and power, giving operators the ability to fine-tune recipes.

Need more? Get the double unit — it's got all the perks of the single with 2x the output!

SNACK-2 with Belgian plate

MIX AND MATCH PLATES TO YOUR BELLY'S DELIGHT.

The Snack System comes with Belgian waffle plates, plus an additional set of your choosing. But why stop there? Expand your menu and your sales with all seven cast-aluminum plates! Handy-dandy cleaning brush included!
