

# Ventus Bottle coolers

*Technical Information*  
*Ventus Bottle coolers*

***imc***

## overview

Ventus bottle coolers are available in single and double door versions, with a choice of stainless steel, polished stainless steel or black, brown or silver painted finishes. Each unit comes with adjustable shelving, temperature display and internal light as standard. The cabinets come in a variety of sizes with standard versions, a shallow version, and two short size versions.

Features include electronic controller with auto defrost and Dynamic Air Distribution System (DADS) and, for greater energy efficiency, the eco smart system is fitted as standard to all coolers. A robust construction ensures long term reliability and low operating costs.

### **Additional features include:**

- Replaceable door seal for easy cleaning and increased product life span
- CFC-free and ozone friendly
- Ventilation to front of cabinet ensuring units can be fully built in
- Can be installed side by side with no gaps

### **Standard Models**

V60 Single hinged door

V90 Double hinged door

### **Options**

Refer to options sheet at rear of document.

## product conformity

Ventus bottle coolers are manufactured in accordance with the following European Directives:

Machinery Directive (2006/42/EC)

Low Voltage Directive (2006/95/EC)

Electromagnetic Compatibility Directive (2004/108/EC)

Pressure Equipment Directive (97/23/EC)

And in accordance with the following harmonised

European Standards:

EN61000-6-3: 2001 Emissions and EN61000-6-1: 2001 Immunity

(plus product specific standards)

BS EN 60335-1 and BS EN 60335-24
