

# Vision 50 Baking Oven

If you're looking for a strikingly modern baking oven, then the Vision 50 from King Edward is the only product you need consider. Its stylish contemporary design tells your customers everything they need know – it's a baker, storage unit and display case all in one.

With up to 50 - 60 potato capacity in the main oven and in the storage area, the Vision oven will provide a strong visual impression in any foodservice location. The fan-assisted convection oven is highly efficient and offers great versatility for all your cooking needs. Not only will it produce delicious hot jacket potatoes time after time, the oven can also be used to prepare pizzas, pies, pastries – in fact anything you would cook in any other normal oven.

The curved glass cover on the heated display area will allow foodstuff (potatoes or otherwise) to be presented at the point of purchase, and allow maximum access for staff. The Vision 50 baking oven – the future has arrived.
